**What is the YP Program and why should my employees get involved?**

You recognize that your company has a number of young employees with talent and the potential for greatness. However, like many businesses, you find that your company doesn't always have the resources or time to help guide those up-and-coming employees. The Chamber's YP Program provides you with the opportunity to gain those resources and engage your employees with their peers while providing them with the business expertise from business leaders. Support their success and get your young professionals involved. An investment in your employees is an investment in your company's future
